

## **Sprint 2 Report**

RCV, Team: RCV, Date 05/13/16

### **Actions to stop doing:**

- Stop underestimating how long tasks will take

### **Actions to start doing:**

- More communications

### **Actions to keep doing:**

- Keep up with our implementation consistency
- Finish more tasks than expected
- Show up in Scrum meetings

### **Work completed/not completed:**

Work completed:

- User Story 7: As a user, I want to walk through the results of an election step by step, so I can understand how candidates are eliminated and the conclusion is reached. (Story Point: 30)
- User Story 8: As a user, I want to see where each candidate's votes are redistributed when they're removed, so I can visualize the relationships between voters' feelings about them. (Story Point: 15)

Work not completed:

- User Story 11: As a developer, I would like to seed real-world data to the database and set up communication between the server and the client. (Story Point 15)

### **Work completion rate:**

User stories completed: 2

Total number of estimated ideal hours completed: 32

Total number of days during the prior sprint: 19

User stories/day for prior sprint: 0.11

Ideal work hours/day for prior sprint: 1.68

User stories/day overall: 0.15

Ideal work hours/day overall: 2.10

**Burn-Up Chart:**
